Each week in February, hang this box of love on a different family member’s door. Throughout the week, put things in the box that tell or show your love for that person. You can leave a note, a drawing, or a small treat. If you like, invite other family members to add to the box and share the love!

1. Cut off the top flaps of a small cardboard box, such as a small cereal box.

2. Cut out a piece of colorful paper or wrapping paper the same height as the box. Wrap the paper around the box and secure with tape or glue.

3. Punch a hole near the top of the two narrow sides.

4. Tie a ribbon or string through the two holes to make a handle to hang the box on a doorknob.
