AREA PRESIDENCY MESSAGE

The Lord has commanded you to get all the education you can. The more education you get, the better able you will be to provide for your family, to serve in the Church, and to remain faithful to the Lord. For these reasons, we desire every young man and woman in the Pacific Area to successfully complete primary and secondary school, and every young adult in the Pacific Area to pursue and complete vocational training or tertiary schooling.

We recognise that there may be barriers to pursuing and completing your education. It is our desire to assist you in overcoming these barriers. Your priesthood and auxiliary leaders can assist you. Seminary and Institute Coordinators and Employment Resource Centre personnel can assist you. And at Church schools, counselors are available to assist you. Use these people to help you identify and pursue your educational opportunities.

This brochure identifies current Church financial aid programmes available to assist young adults in the Pacific to pursue vocational training or tertiary schooling opportunities. We encourage you to use these programmes to overcome financial and other barriers to your education. We know that the Lord will bless you as you prayerfully and earnestly seek for assistance in identifying and pursuing your educational opportunities.

Sincerely yours,

PACIFIC AREA PRESIDENCY
