The Parable of the Prodigal Son

The Prodigal Son
• What helped you come to yourself, or recognize the awful situation you were in?

• How did you expect your father to respond to your return home?

• What might you have been thinking and feeling when your father treated you as he did?

The Father
• What might you have been thinking and feeling while your younger son was gone?

• Why would you welcome your prodigal son home in the way you did?

• When your elder son resented how you treated his younger brother, how did you help him understand your actions?

The Older Brother
• What might you have been thinking and feeling while your brother was gone?

• Why was it difficult for you to rejoice in your brother’s return?

• What blessings have you received for being faithful to your father?
