

The Parable of the Prodigal Son

The Prodigal Son

- What helped you come to yourself, or recognize the awful situation you were in?
- How did you expect your father to respond to your return home?
- What might you have been thinking and feeling when your father treated you as he did?

The Father

- What might you have been thinking and feeling while your younger son was gone?
- Why would you welcome your prodigal son home in the way you did?
- When your elder son resented how you treated his younger brother, how did you help him understand your actions?

The Older Brother

- What might you have been thinking and feeling while your brother was gone?
- Why was it difficult for you to rejoice in your brother's return?
- What blessings have you received for being faithful to your father?
