

Book of Mormon **FEAST**

Many children in Book of Mormon times got to see Jesus Christ and listen to His words. By reading from the Book of Mormon each week this year, you can also enjoy “feasting upon the word of Christ” (2 Nephi 31:20).

Have an adult help you lift the staples and take out this coloring page. Each week after you read, color in all the spaces with the number of that week. For suggestions about what to read each week, see page 26. You can read by yourself or with your family.
