

## Temple Prep Tip: Family Names

- Download the FamilySearch Tree app.
- Tap the temple icon, then “Ordinances Ready.”
- Tap “Baptism and Confirmation” and select the names you want to do baptisms for. The temple can help you print the cards when you arrive.

## Be an Example

I listen to my parents and try to be an example to those around me. At school, I try to do what's right even when others are doing bad things.
