# Stage Fright

**Grant S., age 10, Washington, USA**

**W**hen I was younger, my ward had a talent show. My mom and I were performing clogging (a type of dance). I practiced a lot with my mom until it was perfect.

On the night of the talent show, when it was our turn to dance, I realized that I had stage fright. I did not want to perform, so I ran toward the Primary room.

My mom eventually found me sitting near the door, shaking. She saw that I was scared and asked if we should say a prayer. I agreed.

When we got to the stage, I was scared, but I knew God could help me. My mom and I then did our dance proudly. I know Jesus will help us when needed. ●
