## LDS CHURCH EMPLOYEE & RETURNING MISSION PRESIDENT AUTO PURCHASE PROGRAM

The Ken Garff Group in coordination with the LDS Church has created a special automotive purchase program specifically for church employees. This no hassle program is designed to make your car buying experience easy.

Please use the contacts listed below to insure that you receive preferential treatment and pricing which will save you time and money. I ask that you contact the General Manager of the dealership before you start your vehicle search; this will help the General Manager to be involved from the start and help guide you through the purchase progress.

We are offering special pricing on both new and used vehicles. New vehicles will be priced at invoice and in many cases **below manufacture's invoices** less any customer rebates. Sometimes there are limited edition or high demand/limited availability vehicles which would require the General Manager to set the price or order the vehicle for you. Used vehicles will be priced at a special no hassle price that you can receive directly from the General Manager. Generally this price will be the halfway point between the wholesale book value and retail value offering you huge savings.

Ken Garff will also include our exclusive GarffCare program with your purchase at no cost to you. This program includes road side assistance, if you run out of gas, lock your keys in the car or need a tow we will be there. GarffClean complimentary wash with every service visit. Ken Garff is the only auto dealer in the western United States to offer such a program.

In addition to the saving on the vehicle purchase you will receive **10% off your parts and service needs.**

We have dealerships in Utah, Iowa, California, Nevada, Texas and Michigan
