## LDS CHURCH EMPLOYEE & RETURNING MISSION PRESIDENT AUTO PURCHASE PROGRAM

The Performance Group in coordination with the LDS Church has created a special automotive purchase program specifically for church employees and returning Mission Presidents. This no hassle program designed to make your car buying experience easy. We can also deliver a vehicle to you to make the process easy.

Please use the contacts listed below to insure that you receive preferential treatment and pricing which will save you time and money. I ask that you contact the General Manager of the dealership before you start your vehicle search; this will help the General Manager to be involved from the start and help guide you through the purchase progress.

We are offering special pricing on both new and used vehicles. New vehicles will be priced at invoice and in many cases **below manufacture's invoices** less any customer rebates. Sometimes there are limited edition or high demand/limited availability vehicles which would require the General Manager to set the price or order the vehicle for you. Used vehicles will be priced at a special no hassle price that you can receive directly from the General Manager. Used cars are generally priced to sell however we will offer a discount which will vary the vehicle.

In addition to the saving on the vehicle purchase you will receive **10% off your parts and service needs.**

We have dealerships in Utah, Ohio and Kentucky
