Note:

- 1) ASL is not the same as Closed Captioning which is available in all buildings using a NTSC system (North and South America)
- 2) ASL is only available in North America on C-Band systems with a receiver setup to receive it
- 3) Any C-Band site with a Unity 552 receiver can be set up to receive ASL instead of the normal feed
- 4) To receive both standard and ASL broadcasts, tow receivers are required.
